

An engineering drawing of a site plan or drainage layout is shown. It features contour lines, a dashed line labeled 'VISION LINE', and various annotations like 'RIP-RAP', 'EMERGENCY OVERFLOW STRUCTURE', and 'CONTROL FENCE'. A ruler and a compass are placed over the drawing. The letters 'CEC' are prominently displayed in a black box in the center.

CEC

Hospitals

Charu Infra Engineering Consultants has provided civil and electrical engineering services for various types of hospitals for both government and private clients. We have experience in design of these important structures which require applying specific provisions for special considerations like X-Ray rooms, abnormal soil conditions, etc.
